

# Regional Trainings

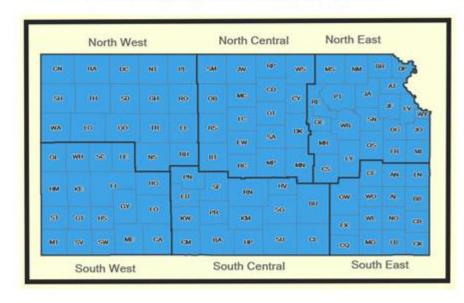

- All regional trainings have been completed
- Three 45-minute webinars will be offered in November. Dates and times will be advertised. No CEUs will be offered
  - Changes to the Reportable Diseases
  - Isolation and Quarantine
  - Rabies Control

#### **Arboviral Surveillance**

- All regions are now at low risk
- The mosquito that carries West Nile Virus and Saint Louis Encephalitis are still being detected but transmission is unlikely

Available at <a href="http://www.kdheks.gov/epi/arboviral\_disease.htm">http://www.kdheks.gov/epi/arboviral\_disease.htm</a>

# New Data and Reports: Influenza Surveillance

KDHE has begun conducting influenza surveillance on October 6.

A weekly report is available on the KDHE website at <a href="http://www.kdheks.gov/flu/surveillance.htm">http://www.kdheks.gov/flu/surveillance.htm</a>

Kansas is at sporadic influenza activity

Three deaths have been reported with influenza as the direct cause

KDHE is encouraging everyone to ensure they receive the influenza vaccine

# Regulation Changes: Isolation for Influenza

# Individual cases are not reportable; however cases required to be isolated for 7 days following onset

- Persons can be infectious up to 7 days
- Fever often lasts 5 days; comparable to staying home until fever free for 24 hours

Case defined as a person who has tested positive for influenza (e.g., rapid, PCR)

Those with vaccine not exempt from isolation requirements

# Local Health Officer has authority to alter this requirement

- Antiviral drugs can lessen symptoms and duration by about one day
- Vaccinated persons might have milder illness

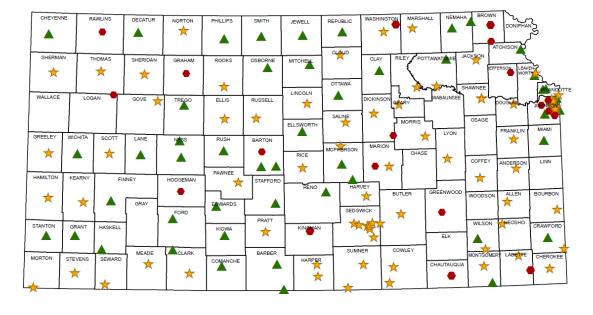

Do not actively seek out cases of influenza; only need to exclude when reported

For questions please call the KDHE epidemiology hotline at 877-427-7317

# Program Updates: Syndromic Surveillance

#### Kansas Syndromic Surveillance Program

- Zach Stein and Sophia Crossen are now working for CDC contractors.
- Limits amount of assistance available on ESSENCE
- Looking for Epidemiologist and a Public Health Informatician, positions are being posted at the Kansas State Employment Center
- For immediate assistance email Greg.Crawford@ks.gov

# Program Updates: PRAMS

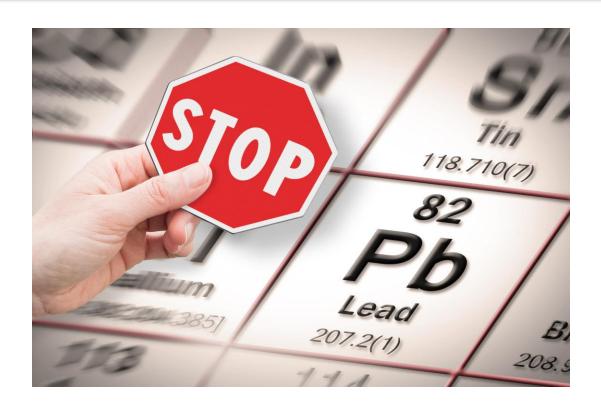

PREGNANCY RISK ASSESSMENT MONITORING PROGRAM (PRAMS)

- New PRAMS Epidemiologist, Brandi Markert replaced Julia Soap.
- 2017 PRAMS Data has been received from CDC.
- We are looking for researchers wanting to study the PRAMS data.
- Sub-state results from PRAMS are not yet possible, stay tuned.

# Program Updates: Childhood Blood Lead

KDHE has been awarded a new cooperative agreement to address childhood blood lead.

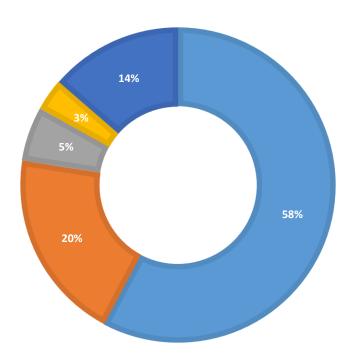

- Work will focus on increasing testing, strengthening surveillance, interventions and referral to services.
- One major goal is to establish Elevated Blood Lead (EBL) Certified Investigators in each region.

# 2017 Trauma Registry Cases: Mechanisms of Injury

#### PERCENT OF 2017 TRAUMA CASES

- There were 16,853 trauma cases entered in the registry for 2017
- The highest number of cases came from falls (9,734) followed by motor vehicle traffic cases (3,320).
- For additional program information:
  <a href="mailto:www.kstrauma.org">www.kstrauma.org</a> or email
  <a href="mailto:Wendy.Ohare@ks.gov">Wendy.Ohare@ks.gov</a>. For questions about the data email
  <a href="mailto:Danielle.Sass@ks.gov">Danielle.Sass@ks.gov</a>

# Thank you/Questions

# sas Preparedness Monthly Webinars

#### Social Media in a Crisis

November, 13 2018 Time: 10:00 a.m.-12:00 p.m.

**Topic:** Social Media in a Crisis **Presenter:** Kara Titus, KDHE Public Information Officer

Description: This webinar session will provide best practices for the use of social media during a crisis. The presentation will include examples and lessons learned from actual events. A portion of the presentation will be reserved for questions and answers.

The following will be reviewed:

- Social media platforms
- Benefits to social media
- Knowing your target audience
- Good messaging

Note: The same webinar session will offered on February 12, 2019. Both sessions will meet the workplan requirement for the social meeting webinar. A recording of the session will be made available.
